The balance of shares not matched will be traded in the open market throughout the respective week and a few days afterward. A weighted average price will be determined by these market trades for the respective week and that is the actual price shareholders will be paid or will pay. Weighted averaging means the per share price is obtained by dividing the aggregate dollar amount of all market sales (or purchases) on behalf of such participants during the respective week by the total number of shares sold (or purchased) on behalf of such participants during the respective week. To defray the cost of the program, a processing fee of \$10 per share sold or purchased (up to a maximum of \$120 per account) will be deducted from your proceeds or purchase deposit. The actual price cannot be guaranteed in advance. You may instead sell or purchase shares through a broker of your choice, and fees may differ. * As a condition for entering PTOPTOP instructions, you must indicate the number of beneficial holders in the comments field of the PTOPTOP instruction and enter an "x" to certify that the tender is being made on behalf of a beneficial holder(s) of record as of June 6, 2022 of 99 or fewer shares. The agent reserves the right to reject any instruction for failure to do so. * The offer will expire at 5:00 p.m., EST on July 15, 2022. * There is no withdrawal or guarantee of delivery (protect) privilege afforded this offer. * Settlement will occur on approximately ten business days after the Friday of the week in which your authorization to participate is received in good order. * The contra CUSIP, associated with this envelope (002EEA019) is for participants submitting instructions on behalf of holders owning 1-12 shares. * The contra CUSIP, associated with this envelope (0029900C4) is for participants submitting instructions on behalf of holders owning 13-99 shares. * Participants should consult their tax advisor for complete details in reference to withholding taxes. |
